## Professional Summary

---

Full Stack Developer specializing in AI-powered applications and blockchain-based systems. Built scalable SaaS platforms using Next.js, Prisma, and PostgreSQL with real-time AI integration (OpenAI/Ollama). Experienced in smart contract development on Polygon and production deployment.

## Technical Skills

---

**Frontend:** React.js, Next.js 14, Tailwind CSS, shadcn/ui, Monaco Editor

**Backend:** Node.js, Express.js, Prisma ORM, REST APIs

**Database:** PostgreSQL (Supabase, Neon)

**Blockchain:** Solidity, Ethers.js, Polygon Amoy Testnet, MetaMask

**AI:** OpenAI API, Ollama (Llama 3)

**Tools:** Git, Docker, Vercel, Railway, Render

## Projects

---

### HireAI - AI Hiring Platform

*railway.app*

- Built full-stack SaaS with Next.js 14, Prisma, PostgreSQL, NextAuth.js
- Integrated Ollama (Llama 3) for AI code review analyzing algorithm correctness, complexity, edge cases
- Automated DSA problem generation (15+ daily); built coding environment with Monaco Editor

### KarmaPass - Blockchain Skill Verification

*karmapass.vercel.app*

- Decentralized platform using React, OpenAI API, Solidity on Polygon Amoy testnet
- OpenAI extracts skills from resumes; stored on smart contract (0x0aF2C6d6F3C41ef892A0b051F2D6e263bA2A6f1B)
- Generates QR code for public verification; recruiters verify via wallet address

### Resume Analyzer + Verifier

*resume-analyzer-frontend.vercel.app*

- Full-stack tool using React, Express, pdf-parse, custom AI matching (90% accuracy on 50+ resumes)
- Matches skills against jobRoles.json; integrated Polygon smart contract for on-chain verification

## Experience

---

### Full Stack Developer Intern

*InLighnx Global Pvt. Ltd.*

- Developed and deployed 5+ internal applications with JWT authentication and dashboards
- Automated CRUD operations reducing manual data entry; deployed on Vercel and Render

## Certifications

---

Oracle Cloud Infrastructure Generative AI | IBM AI Fundamentals | DSA (ScholarHat) | Responsive Web Design (freeCodeCamp)

## Education

---

**B.Tech CSE (2023–2027)**

CGPA: 7.62/10
